

MILLIMETRO

design Daniel Rybakken

**LUCE
PLAN**

Type: Wall
Light source: **A11A25W**: led module 20W, 2700K, CRI 90, 1.427 lm
Product use: Indoor
Materials: Aluminium, steel and brass structure, polycarbonate diffuser
Colors: White/mirror

Description: The new wall version of Millimetro stands out for its form and its surprising luminous impact. It is composed of a mirror-finish metal disk installed adjacent to the wall. The LED light source contributes to create a warm atmosphere, and remains hidden from view. The body of the lamp thus seems to float in space, becoming part of the wall itself. The model generates engaging, refined games of light and perspective in the surrounding space.

Rating: 120 - 277V, 20W

Insulation class and marks:
